

Global Village Sydney (Universal English College)

Global Village Sydney (Universal English College) is one of Australia's premier English language schools with over 20 years of experience in teaching English to international students.

Because of our long experience in HSP and our commitment to the quality of these courses, we have extremely good relationships with public and private high schools in and around Sydney. These schools will accept our assessment of a student's level of English to start high school studies.

High School Preparation (HSP)

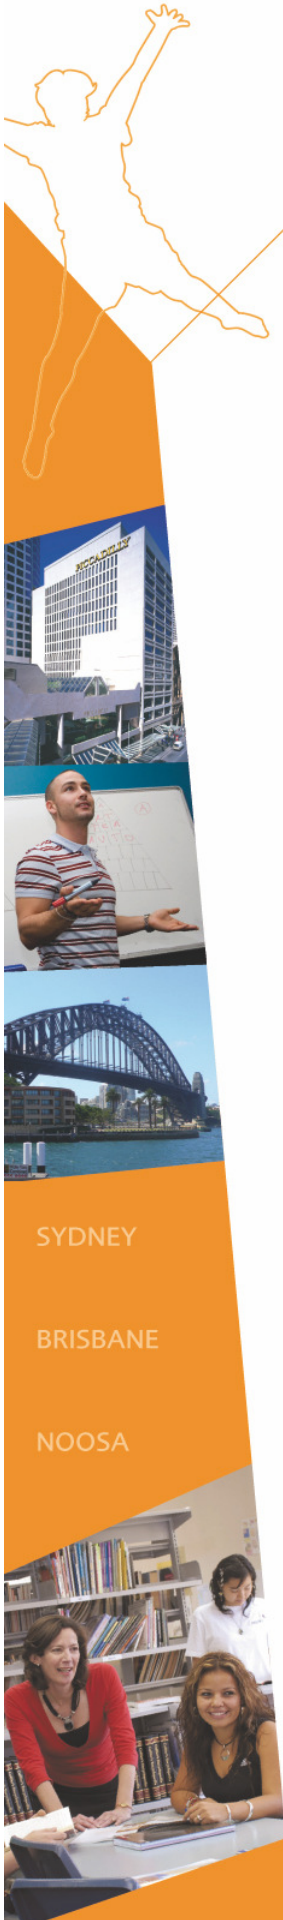

High School Preparation Program (HSP)

Our (HSP) is a full time course with 22 ½ hours of tuition per week that prepares students aged from 13 to 17 to study in high schools in Australia.

The course covers all the language skills that students need in order to be successful at high school in Australia. It also introduces the language for core school subjects as our students progress through the levels. There is a strong cultural element to the courses that helps the students fit in with Australian high school culture.
